EXTERIOR

Silver & Black

INTERIOR

New Executive Interior 2019

CONFIGURATION/PAX:

The Bell 430 features a six (6) passenger executive cabin with plush leather seating and accommodations for one (1) or two (2) pilots. The cabin is configured to provide a spacious and comfortable environment for both business and personal transportation. A dedicated baggage compartment provides approximately 37 cubic feet of storage capacity for luggage and personal items. The Bell 430's twin-engine design, combined with its refined interior and smooth ride characteristics, makes it well suited for executive, corporate, and utility missions.
